IMMIGRATION ACTS

Dear Sir

**1 Executive Summary**

- 1.1 The Committee *for* Home Affairs recommends that various provisions of immigration-related Acts ("Immigration Acts") in the UK are extended to the Bailiwick.
- 1.2 Following the UK Government's decision to leave the European Union, the UK Government has enacted the Immigration and Social Security Co-ordination (EU Withdrawal) Act 2020 (which received Royal Assent on the 11<sup>th</sup> November, 2020) ("the 2020 Act") which contains provisions ending the free movement of EEA nationals, protecting the status of Irish citizens and providing for consequential, transitional and savings provisions to be made. The 2020 Act would repeal provisions in the Immigration Act 1988 and amend the Immigration Act 1971 ("the 1971 Act"), and would be brought into force by regulations made by the Secretary of State.
- 1.3 As the Bailiwick is part of the Common Travel Area with the United Kingdom, the Isle of Man, the Bailiwick of Jersey and the Republic of Ireland, the Committee *for* Home Affairs recommends that relevant provisions of the 2020 Act are extended to the Bailiwick in order that they may have similar effect in the Bailiwick.
- 1.4 The Committee *for* Home Affairs recommends that sections 1, 2, 4, 5, 7 and 10 of the 2020 Act should be extended in a modified form that would –
  - (a) repeal provisions relating to free movement of EEA citizens and their

- (b) protect the status of Irish citizens in Bailiwick immigration law once their EU free movement rights are ended in the United Kingdom, and
  - (c) empower the Committee *for* Home Affairs to make regulations to make provisions and amend legislation in consequence of, or in connection with, the ending of free movement.
- 1.5 In addition, it is recommended that certain other provisions of Immigration Acts should be extended to the Bailiwick (and where necessary modification of provisions currently extended should be made) to give the Committee *for* Home Affairs the power to make regulations to require and authorise the collection and processing of biometric information for immigration and nationality purposes where this may be necessary to protect the integrity and security of the Common Travel Area. The intention is to align the powers of the Committee *for* Home Affairs with the powers of the Secretary of State to make regulations for these purposes in the United Kingdom, subject to suitable adaptations for the Bailiwick.
- 1.6 Provisions of the following Acts should be extended to enable and facilitate the collection and processing of biometric information –
  - (a) the Immigration and Asylum Act 1999, as amended ("the 1999 Act"),
  - (b) the Nationality, Immigration and Asylum Act 2002, as amended ("the 2002 Act"),
  - (c) the UK Borders Act 2007, as amended ("the 2007 Act"), and
  - (d) the Immigration Act 2014, as amended ("the 2014 Act").
- 1.7 These provisions in modified form would empower the Committee *for* Home Affairs to make regulations to –
  - (a) require or permit biometric information to be collected or provided,
  - (b) require and provide for biometric immigration documents to be issued and used for immigration and nationality purposes in connection with specified immigration procedures in specified circumstances,
  - (c) implement a regime of biometric registration for immigration and nationality purposes, and
  - (d) provide safeguards in relation to the collection, use and retention of biometric data, and the exercise of coercive powers by immigration officers.
- 1.8 This Policy Letter is brought to the States jointly by both Committees because they each have relevant mandates and responsibilities. The mandate of the Committee *for* Home Affairs includes responsibilities to advise the States and develop and implement policies on matters including crime prevention, the immigration regime and data protection; that Committee is proposing the extension of the relevant Immigration Acts. The Policy & Resources Committee's mandate includes exercising powers and performing duties conferred on by extant legislation, in this case those in Article 72A of the Reform (Guernsey) Law,

1948 as amended (“the Reform (Guernsey) Law”) (as in Section 8 below); that Committee is referring the matter to the States to fulfil its duties in Article 72A of the Reform (Guernsey) Law.

## **2 Background**

- 2.1 Section 7 of the Immigration Act 1988 as currently extended to the Bailiwick provides that persons entitled to enter or remain in the UK by virtue of an enforceable Community right or provisions made under section 2(2) of the European Communities Act 1972 do not require leave to enter or remain in the Bailiwick. The Immigration (European Economic Area) Regulations 2016 made under that provision of the European Communities Act 1972 currently set out the circumstances in which EEA citizens and their family members can enter or remain in the UK. To align the Bailiwick with the UK's position on free movement after the Brexit implementation period, section 7 of the Immigration Act 1988 will need to be repealed by extending to the Bailiwick section 1 of the 2020 Act. Furthermore, the Committee *for* Home Affairs will need to have powers to make regulations to enact consequential, transitional and savings provisions as a result of the end of free movement, in the same way that the Secretary of State would be authorised to make such provisions under the 2020 Act.
- 2.2 To align the Bailiwick with the UK's position on immigration privileges to be given to Irish citizens after the Brexit implementation period, the 1971 Act will need to be amended. A new section will need to be inserted in the 1971 Act to give Irish citizens the privilege of entering and remaining in the Bailiwick without requiring leave to enter or remain, except in special circumstances such as where the Irish citizen has been excluded by directions given by the Lieutenant Governor because their exclusion is conducive to the public good.
- 2.3 With regard to the extension of provisions relating to biometric information, there are limited powers in the Bailiwick under provisions currently extended to require persons to provide biometric information in connection with immigration applications: fingerprints may be taken by authorised officers, and only in certain limited circumstances (for example where a person arriving in the Bailiwick fails to produce a valid passport or other document establishing identity and nationality or citizenship, or in the case of someone given only temporary admission pending removal from the Bailiwick, or someone who has claimed asylum). In addition, photographs (which may, in certain circumstances be biometric information) may be required and collected for nationality and passport applications (processed on behalf of the UK Secretary of State).
- 2.4 The Committee *for* Home Affairs considers that it is necessary to extend to the Bailiwick provisions enabling the collection and registration of biometric information more widely, in order for the Committee *for* Home Affairs to implement an appropriate and proportionate system of biometric registration to

ensure the security and integrity of the immigration and nationality system in the Bailiwick. Biometric information is information about a person's external physical characteristics (including in particular fingerprints and features of the iris). For the purposes of the provisions to be extended to the Bailiwick, biometric information would also include any other information about a person's physical characteristics prescribed by regulations made by the Committee *for* Home Affairs.

- 2.5 The extension of the provisions recommended by this Policy Letter would not itself impose any requirement to furnish biometric information, but would merely allow the Committee *for* Home Affairs to make regulations for this purpose. The Committee *for* Home Affairs would consult with the Data Protection Authority before making these regulations.
- 2.6 Updating the Bailiwick's immigration legislation is part of a continual process of ensuring that provisions that apply in Guernsey (and the rest of the Bailiwick) are broadly consistent with provisions applying in the UK and other parts of the Common Travel Area. This is essential to ensure that the Bailiwick continues to remain in the Common Travel Area.
- 2.7 The provisions that the Committee *for* Home Affairs recommends should be extended with modifications to the Bailiwick are summarised in Sections 3 to 6 below.

### **3 Powers enabling regulations to be made to require immigration applications to include biometric information**

- 3.1 Sections 141 to 144 of the 1999 Act (as currently extended to the Bailiwick) govern the taking of fingerprints and other biometric information. These sections are limited in their scope to certain categories of persons mentioned in section 141, e.g. someone who has failed to produce a valid passport, someone given only temporary admission pending removal from the Bailiwick, or someone who has claimed asylum.
- 3.2. The Committee *for* Home Affairs recommends the extension of provisions of the 1999, 2002 and 2007 Acts that would allow regulations to be made by the Committee *for* Home Affairs to establish a regime for the mandatory provision, collection and registration of biometric information for a wide range of immigration and nationality purposes, and the issue of biometric immigration documents for these purposes. This would place the Bailiwick on equal footing to the UK.
- 3.3 The extension of sections 126 and 127 of the 2002 Act, together with the re-extension of section 144 and extension of section 144A of the 1999 Act, would empower the Committee *for* Home Affairs to make regulations –

- (a) requiring any immigration application, i.e. any application for –
    - (i) entry clearance,
    - (ii) leave to enter or remain in the Bailiwick, or
    - (iii) variation of leave to enter or remain in the Bailiwick,
 to be accompanied by specified biometric information,
  - (b) enabling biometric information to be taken and collected,
  - (c) requiring persons to attend in order to provide biometric information, and
  - (d) regulating the collection, taking and destruction of biometric information (including fingerprints).
- Guernsey and (if appropriate) UK immigration officers could be empowered to collect biometric information for the purposes of immigration or nationality.

3.4 Any regulations made by the Committee *for* Home Affairs should be laid before a meeting of the States as soon as possible. The States would have the power to annul these regulations, in which case they would cease to have effect but without prejudice to anything done under them or to the making of new regulations.

3.5 The extension of section 146 of the 1999 Act would authorise officers to use reasonable force, if necessary, in the exercise of any powers given to them under provisions of Immigration Acts extended to the Bailiwick, including powers to take fingerprints and powers to collect or take biometric information given under regulations made under section 144 of the 1999 Act.

3.6 The extension of sections 5 and 6 of the 2007 Act would empower the Committee *for* Home Affairs to make regulations requiring a person subject to immigration control to apply for the issue of a document recording information about the person's external physical characteristics. These regulations could include various other related provisions.

3.7 The extension of section 7 of the 2007 Act would set out the effect of non-compliance with regulations made under section 5 of the 2007 Act, and provide for regulations to require an immigration application submitted without the requisite biometric immigration document to be refused or disregarded.

3.8 The extension of sections 9 to 14 of the 2007 Act would authorise civil penalties to be imposed in the event of failure to comply with regulations requiring a person subject to immigration control to apply for a biometric immigration document.

#### **4 Application of codes of practice to exercise of powers by immigration officers**

4.1 When the 1999 Act was extended to the Bailiwick by the Immigration (Guernsey)

Order, 2003, the Bailiwick had neither the equivalent of the Police and Criminal Evidence Act 1984 ("PACE") nor codes made under PACE. As a result, section 145 of the 1999 Act was never extended to the Bailiwick.

- 4.2 However, the States have since enacted the Police Powers and Criminal Evidence (Bailiwick of Guernsey) Law, 2003 ("PPACE") and a number of codes of practice have been made under that Law. It is proposed that section 145 of the 1999 Act be extended to the Bailiwick to require officers to have regard to provisions of any code specified in a direction given by the Committee *for* Home Affairs.
- 4.3 Officers would be obliged to have regard to provisions of PPACE codes (or UK equivalent PACE codes) when exercising any specified power to –
- (a) arrest, question, search or take fingerprints from a person,
  - (b) enter and search premises, or
  - (c) seize property found on persons or premises.

## **5 Further safeguards in relation to biometric information**

- 5.1 The Committee *for* Home Affairs recommends the extension of various safeguards in the 2007 Act in relation to the collection and processing of biometric information.
- 5.2 The extension of section 8 of the 2007 Act would require the Committee *for* Home Affairs to make regulations to provide for the use and retention of the biometric information. That provision also sets out the uses for which biometric information may be retained and provides for regulations to be made to specify further permissible uses of that information. Regulations made by the Committee *for* Home Affairs would be required to provide for the destruction of that biometric information and copies of it.
- 5.3 The extension of section 13 of the 2014 Act would amend Schedule 2 to the Immigration Act 1971 to introduce special safeguards where an officer wishes to require a child under 16 years of age to provide biometric information: the confirmation by a senior officer and provision of that information in the presence of the parent, guardian or person responsible for the child is required.

## **6 Other provisions concerning use of biometric immigration documents for immigration and nationality**

- 6.1 The extension of sections 9, 12(4) and 13 of the 2014 Act would make minor and consequential amendments to provisions in Schedule 2 to the 1971 Act, in order to align those provisions with the biometric information and registration provisions extended to the Bailiwick.

## **7 Order in Council**

- 7.1 Extension of the provisions of the Immigration Acts is recommended to be carried out by Order in Council in keeping with current and long-standing practice: since at least 1993, all primary immigration-related legislation having effect in the Bailiwick have been provisions of UK Acts of Parliament extended to the Bailiwick (with appropriate modifications) by way of an Order in Council.
- 7.2 An Order in Council has been drafted and is currently being reviewed by the Ministry of Justice of the UK with a view to being submitted to the Privy Council at its first available sitting. The Appendix to this Policy Letter sets out the latest draft, for the information of the States only (this draft is, of course, subject to any necessary modifications).

## **8 Article 72A of the Reform (Guernsey) Law, 1948**

- 8.1 Article 72A(1) and (2) of the Reform (Guernsey) Law, 1948 provides:

**"Duty to refer certain matters to the States of Deliberation.**

**72A. (1)** Where it is proposed that -

- (a) a provision of a draft Act of the Parliament of the United Kingdom should apply directly to Guernsey, or
  - (b) an Order in Council should be made -
    - (i) extending to Guernsey a provision of an Act of the Parliament of the United Kingdom,
    - (ii) extending to Guernsey a Measure, pursuant to the Channel Islands (Church Legislation) Measures 1931 and 1957, or
    - (iii) that is otherwise expressed to have effect in, or to be applicable to or otherwise binding upon, Guernsey,
- the Policy and Resources Committee shall, unless that Committee considers it unnecessary, submit the proposal to the States of Deliberation, in order that the States may signify their views on it.

(2) Where, upon transmission of -

- (a) an Act of the Parliament of the United Kingdom containing a provision described in paragraph (1)(a), or
  - (b) an Order in Council described in paragraph (1)(b),
- to the Royal Court for registration, it appears to the Royal Court that the States of Deliberation have not signified their agreement to the substance of the provision or Order in Council -
- (i) the Royal Court shall refer the provision or Order in Council, as the case may be, to the Policy and Resources Committee, and
  - (ii) the Policy and Resources Committee shall, unless that Committee considers it unnecessary, submit it to the States in accordance with paragraph (1)."

- 8.2 Article 72A(1)(b)(i) requires the Policy & Resources Committee to submit to the

States of Deliberation any proposal for an Order in Council to be made to extend to Guernsey provisions of Acts of Parliament of the UK, in order that the States can signify their views on it. The Policy & Resources Committee is submitting this Policy Letter (together with the Committee *for* Home Affairs) to fulfil that obligation.

- 8.3 Both Committees recommend to the States that the States signify their agreement to the proposed Order in Council, so that when the Order in Council is made and transmitted to the Royal Court for registration in due course, the Royal Court can register that Order in Council without delay and without further reference to the Policy & Resources Committee, in accordance with Article 72A(2)(b).

## **9 Consultation**

- 9.1 The States of Alderney have been consulted about extending the relevant provisions of the Immigration Acts to Alderney. The Policy & Finance Committee of the States of Alderney has considered the matter and had no comment.
- 9.2 The Chief Pleas of Sark have been consulted about extending the relevant provisions of the Immigration Acts to Sark. At the time of writing this Policy Letter, no comments have been received.
- 9.3 As a matter of courtesy, the Data Protection Authority has also been consulted about extending to the Bailiwick the provisions of the Immigration Acts relating to biometric data. The Authority highlighted the importance of ensuring that all personal data processing is confined to the stated, narrow purposes with appropriate governance.

## **10 Compliance with Rule 4**

- 10.1 Rule 4 of the Rules of Procedure of the States of Deliberation and their Committees sets out the information which must be included in, or appended to, motions laid before the States.
- 10.2 In accordance with Rule 4(1), the Propositions have been submitted to Her Majesty's Procureur for advice on any legal or constitutional implications.
- 10.3 In regard to Rule 4(3) of the Rules of Procedure of the States of Deliberation and their Committees, it is not envisaged that additional resources will be required to fulfil the Propositions of this Policy Letter.
- 10.4 In accordance with Rule 4(4) of the Rules of Procedure of the States of Deliberation and their Committees, it is confirmed that the Propositions above have the unanimous support of both Committees.

- 10.5 In accordance with Rule 4(5) of the Rules of Procedure of the States of Deliberation and their Committees, the Propositions relate to the duties of the Committee *for* Home Affairs because its mandate includes responsibilities to advise the States and develop and implement policies on matters including crime prevention, the immigration regime and data protection. Also, in accordance with that Rule, the Propositions relate to the duties of the Policy & Resources Committee because its mandate includes exercising powers and performing duties conferred on it by extant legislation (in this case, those in Article 72A of the Reform (Guernsey) Law).
- 10.6 The Committee *for* Home Affairs has consulted with other parties as outlined in Section 9 above, in accordance with Rule 4(5). It has not been necessary for the Policy & Resources Committee to consult with other parties in advance of publication of this Policy Letter as the Reform (Guernsey) Law only applies to Guernsey and the requirements of Article 72A are to bring the proposed extension of the relevant provisions of the Immigration Acts (and the substance of the proposed Order in Council) to the States for consideration.

Yours faithfully
