6. QUESTIONS

From: Deputy Gollop

To: Committee *for* Environment & Infrastructure

- | | |
|-------|---|
| 1 | Are the passenger usage trends for 2024 of the island scheduled bus services increasing and continuing to grow, thus raising further revenue and delivering additional connectivity and environmental and socio economic goals and justifying our significant investment? |
| <hr/> | |
| 2 | Given the States of Jersey Council of Ministers have chosen to renew their tower transit formerly CT plus contract will a good working relationship between the two Bailiwick bus companies at some level to achieve goals and synergies if possible? |
-

3	Would the President and Environment and Infrastructure Committee agree with me that the continued high usage of the bus service despite significant fare increases helps to achieve social equality, tourism strength, employee commuter transport and ecological objectives including reduction of congestion, which might be threatened by service cuts and of route withdrawals and extra fare increases?
4	Will the committee commit to consultation with the public stakeholders' charities and BUG the Bus Users Group in exploring new services with the successful tenderer Stagecoach who will hopefully increase services and routes over time?
5	Will Traffic and Highways and the committee restrict Bus route diversions which cut off hospitals, places of work, communities, roads and areas and reduce attractiveness of the service increase costs and are not inclusive for the needy bus user and travelling public including school children disabled people and pensioners?
