6. QUESTIONS

From: Deputy Gollop

To: President, Economic Development Committee

- 1 Will the President and Committee of Economic Development, perhaps in co-operative partnership with STSB and the Policy and Resources committee continue to work to improve inter island sea passenger, vehicle and freight capability and frequency?
-

2 Have recent joint efforts to dialogue and work with the Jersey political counterparts likely to see a daily summer and frequent winter car ferry service between Jersey and Guernsey to enhance tourism, retail, dog and horse shows, trade fairs, sports and arts and motorsport fixtures etc?

3 Some ferry private sector management spokespersons have indicated interisland ferries are not always particularly commercially viable. Would Jersey and Guernsey governments consider offering some financial fiscal or logistical incentives to stimulate service developments, service frequency and enhanced connectivity with an economic payoff in return?

From: Deputy Ozanne **To:** President, Education, Sport & Culture Committee

1 Does the President agree that the States has a duty to balance freedom of expression and the concerns of vulnerable members of the Island Community where States owned venues are providing the platform?

From: Deputy Sloan **To:** President, States' Trading Supervisory Board

1 Sir, could the President of STSB confirm current reservoir storage levels and explain recent recharge patterns?
