#### 6. QUESTIONS

---

<b>From:</b>	Deputy Dyke	<b>To:</b>	President, Employment & Social Security Committee
--------------	-------------	------------	---

---

- |   |  |
|---|--|
| 1 | What incidents or accidents were identified by the Health and Safety Executive in ordering the closure of the diving board that related to the height of the diving board versus the depth of the pool below it? |
| 2 | Reference was made in an official press release to changing 'international standards'. What standards and from which jurisdiction?   |
-

3	How was that jurisdiction chosen and by whom?		
4	In view of the controversy and public disquiet arising from the decision by the Health and Safety Executive, will ESS reconsider its decision to sub-delegate its powers not to confirm such decisions and to exercise this power at the Committee level to ensure proper accountability?		
<hr/>			
<b>From:</b>	Deputy Gollop	<b>To:</b>	President, Environment & Infrastructure Committee
1	The States in February almost unanimously voted for increased support for the dairy farming community as we recognised the important contribution the Guernsey cow plays in our heritage, community, ecology and identity. Has the sudden decision by the dairy to cease producing cheese been a setback to the strategy or was it pre-known at the time the policy letter was prepared and presented?		
2	Would the Environment and Infrastructure Committee be actively supportive in encouraging local farmers, entrepreneurs and small holders, Guernsey food producers to acquire cheese making equipment to reinstate production of this tasty, niche, much loved product?		
<hr/>			
<b>From:</b>	Deputy Gollop	<b>To:</b>	President, States' Trading Supervisory Board
1	Will the States' Trading Supervisory Board endeavour to encourage the renewed production of the prize-winning Guernsey cheese range including chilli, garlic thyme and oregano brand flavours as soon as operational space permits given it has a special position in island life?		
2	Assuming the new dairy is still an active project will the replacement dairy ideally take full advantage of cheese yoghurt and other brands to maximise our cultural identity international brand recognition and food self sufficiency?		
3	Is there any opportunity for the existing dairy production equipment to be sold on or donated for further use, preferably within the Island or Bailiwick?		
<hr/>			
<b>From:</b>	Deputy St Pier	<b>To:</b>	President, Economic Development Committee
1	Given the mandate of the Committee includes the promotion and development of the horticulture industry, does the Committee support the decision of its delegate, the Tourism Management Board, to defund Floral Guernsey?		
2	Given the available budget of the Tourism Management Board (TMB) appears to be linked to increasing bed nights driven by events, Floral Guernsey was never going to be eligible to receive an allocation from the TMB. So why did the Committee transfer responsibility for considering Floral Guernsey's budget request to the TMB?
