

MEETING OF THE STATES OF DELIBERATION

ORDER PAPER 79

Tuesday 29th April 2025

Serial

1. PRAYERS

2. EVOCATION

3. CONVOCATION

[Billet d'État IX](#)

4. COMMUNICATIONS BY THE PRESIDING OFFICER INCLUDING *IN MEMORIAM* TRIBUTES

- In Memoriam: former Alderney Representative Graham McKinley OBE
-

5. STATEMENTS

- None
-

6. QUESTIONS

From: Deputy De Lisle

To: President, Health & Social Care Committee

-
- 1 The replacement for the clinical and animal waste incinerators are being managed through the Animal and Clinical Waste Solutions Project. What is the current status of the project as both incinerators are at the end of their working lives?
-
- 2 As I understand it the clinical waste incinerator at the PEH will not be replaced. When can we expect the incinerator at the PEH to be shut down permanently?
-

From: Deputy De Sausmarez

To: President, Committee *for* Education, Sport & Culture

-
- 1 What work is due to be carried out at Les Varendes High School to refurbish it, and is that work on budget and on time (i.e. will it be completed over the school summer holidays, as planned, in time to accommodate the remaining students who will move there following the closure of La Mare de Carteret High School)?
-

2	Will any space in the current Sixth Form Centre be available for use by students at Les Varendes High School, or will it all be used as office space to accommodate Education Services and the Music Service?
3	What work has been already undertaken and is still to be carried out at La Mare de Carteret High School site over the summer to convert it for use as a sixth form centre, and is that work on time and on budget?

From:	Deputy Gollop	To:	President, Committee for Education, Sport & Culture
1	The Committee advised the public that 14 students signed up for form 12 to study IB International Baccalaureate programmes was too small a cohort for efficiency. What size of cohort is optimal or at least viable not to be sub scale?		
2	What policies and strategies are in place to encourage current and future students to take up IB Baccalaureate options as a studious way forward alternative to A levels to ensure this won't be repeated in future years?		
3	Bearing in mind some students are reported to be disappointed or devastated, can work not be developed with partnership with the three private independent schools and colleges to create a hybrid curriculum programme for the September 2025 year 12 intake in a flexible manner?		
4	Does the failure to run the flagship IB programme mean the ESC committee will reconsider future sixth form provision especially given rising capital costs and concerns about the reuse of the current sixth form campus as offices?		

From:	Deputy Gollop	To:	President, States' Trading Supervisory Board
1	Whilst appreciating the need for outstanding aircraft safety to prevent dangerous bird strikes and the rationale for mitigation of specific risk hazards, could not the 8 mile exclusion zone be reduced to a lesser zone to prevent the grounding of all pigeon racing cancellations, and the effect on bird enthusiasts and the economy?		
2	What evidence, data or insurance advice has emerged recently which has led to a sudden safety review and change of policy decision, which has imposed a blanket instant no flying ban without any notice, despite a decline in pigeon liberations from to 28 and the 36 bird strikes being unrelated to racing in many instances?		
3	If there has been a massive increase in bird licence requests promoting a change of policy regulations and thinking, can there not be negotiations with pigeon fanciers and sport lovers to enable events to occur, maybe at dawn in summer, or other occasions when flights are not scheduled, or when the pigeon racers promoters make a release request with adequate safety assurances and risk assessments based upon evidence of incidents and flying height of bird flight data?
